

ROHS 3 / REACH Declaration of compliance

We, **Sontex SA**, declare under our sole responsibility that the product(s)

Thermal Energy Meter

Supercal 5S

Produced by our company are in compliance with Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment and its amendment Directive 2015/863/EU.

However, we must point out that the conformity of the above-mentioned products is guaranteed under the following exemption.

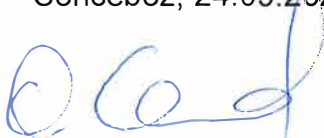

Exemption 6c: Lead in copper alloys (e.g., brass) up to a mass fraction of 4%.

We can also confirm that excepted the lead that is contained within some components, our product(s) listed above do(es) not contain any of the Reach SVHC 211 substances (last updated: 19 January 2021) according to Regulation (EC) No 1907/2006 (REACH) in a concentration above 0.1% by weight.

This declaration is based on our actual knowledge and on the information received from our suppliers.

In case of any questions about this statement, you can contact us at the following e-mail address: support@sontex.ch.
